“ I met Amos when I was 14 or 15 and I gained another mother that day. Kids across not just Liberty Park but all across Broward spent countless hours in your home and you welcomed us all without a quarrel. Having a sanctuary that isn't your own home isn't something we should ever take for granted. It's a blessing and a testament to what type of person you were. I loved you like I loved my own Mother and with your wings and halo I know you're watching all of us and your presence will never be unfelt. And from this day forward I pray we do things with your memory and legacy in mind. I love you Mrs. Freda.

“ Freda, I love the way you welcomed my daughter into your family 10 years ago. You've shown so much love not just to my daughter, but to our entire family. If you knew someone was related to my daughter they became related to you as well. It's not going to be easy watching Lil Amos maneuver life without you, but you can rest assured that as his mother-in-law (mom) he's going to be good. We love you and we miss you so much already. Sleep in Peace our forever angel.
