

George Warren Minnich

October 13, 1954 - August 23, 2020

George Minnich was welcomed into this world on October 13, 1954. Born in York, Pennsylvania, George's love of York Peppermint Patties started early. After moving with his family to South Florida, George began his lifelong passion of being a paramedic and firefighter at age 16 when he volunteered as a Junior Fireman. This early volunteer work turned into a career that saw him rise through the Pompano Beach Fire Department ranks to become a Division Chief. After 30 years, he retired with a wonderful send off. While George loved his job--his family, his friends and his hobbies were his greatest passions.

George had a passion and zest for life. Golf was a lifelong love and his enthusiasm for golf was contagious. He sought to pass this onto the next generation through volunteering as a golf coach at First Tee and Pope John Paul High School. George consistently gave to others and lived a life of service. He was very civic minded and was a proud community leader and a pillar of the Pompano Beach Chamber of Commerce.

George was an exceptional cook, a skill he learned over the decades to become a master chef. George loved fine wine and was a regular visitor along with Barbara and her son Ken to Napa Valley. George had a love of learning that was illustrated by his joys of traveling with Barbara—whether to Russia, China or the best national parks. Wherever he went, his smile and positive

attitude accompanied him.

George's two greatest loves were his daughter Marissa and his wife Barbara. Marissa is married to Bryan and George loved Bryan as a son. George would proudly talk about Marissa to everyone around him and he felt she was his greatest accomplishment and legacy.

George's true lifelong love was his wife Barbara. After meeting at a firemen retirement party, George asked Barbara out and the rest is history. Over 31 years of blissful marriage resulted in thousands of priceless experiences and memories. Barbara always called meeting George the best fringe benefit of her job. With Barbara's encouragement, George enrolled and graduated from Florida Atlantic University with Honors.

George was amazingly close to his family. He loved and frequently visited his mother Loyetta, his brother Steven, his sisters Sue (married to Steve) and Kathi. George was predeceased in death by his brother Mike. He was honored to be an amazing uncle to Mikey, Matthew, Brittany, Jen, Tyler, Tiffany, Jordan, Bruce, and Zaya. Barbara's father Howard, her son Ken, and Ken's children Graham, Gensen, Gatsby and Grey loved and were loved by George.

While sorely missed by the multitude of those who love George, we will all get solace picturing him happily golfing in heaven. Though he is gone, he will live on forever in our hearts and minds and for all of those who were fortunate enough to know and love him.

“ *My heart felt condolences to the Minnich family. I am saddened with the passing of George and will miss him greatly. For many years, George was a special volunteer for First Tee of Broward. The children loved him and we always had a lot of fun teaching the participants and at all of our events together. He will be missed but never forgotten and I know that God has a special place for him in heaven. You are all in our thoughts and prayers.*

“ So many memories coming flooding back to me when I think of George. As a good friend of his wife, Barbara, even before she met George, I was privy to all the intrigue and romance they enjoyed while they were dating and the excitement when they decided to marry. I have never seen Barbara happier and it was because she was so in love with George. I was there for the pre-rehearsal wedding dinner, for the rehearsal dinner, for the shower and for the wedding. Barbara loves purple and even had a purple wedding dress and to his everlasting credit, sweet George gave her a purple stone in her wedding ring. He was so thoughtful! We shared many memories though out the years, Thanksgiving and Christmas celebrations, weddings, funerals, all the good and bad. I shared many emotional events with Barb and George over the years and that is what makes a lasting friendship. The last time I saw George was when I was a guest in their lovely home two years ago and George was as welcoming as ever. We enjoyed out walk down memory lane. I will always remember his quirky smile and generosity of spirit. I will miss him.

May God ease the pain for George's family and friends at this difficult time. George will be greatly missed but always remembered !!

“ *I worked with George at PBFR. When his office was in Fire Prevention, George always had the lad test and greatest from MicroSift. He got to try out the new software. Shortly after moving to Georgia, I called George because I new he could help me with Excel, tying multiple books together.*

I see why you liked Napy. Al and I was able to make our first trip to Napy Valley. You and him would have a lot to talk about.

Barbara, George will be greatly missed.

“ *George was first a volunteer with us and then he became a certified coach with our organization, The First Tee of Broward. He was an exceptional coach but bigger than that was his heart to teach kids the values that are inherent in the game of golf such as honesty, sportsmanship, courtesy, perserverance and more. Also over the years, we became friends and I will miss him for sure. So will all of our kids at First Tee.*

“ *Dear Barbara, our hearts are heavy for your loss of your beloved husband, George. I remember meeting him a couple times... once at a play that a group of us went to and I believe it was Wicked, and the only way I remember that is because I think you dressed up as the wicked witch! I think I even took a picture of you and I believe I asked George where his costume was and he just laughed :) Another time I met him at your home and I was asking him about golf because Ronald was just getting into it big time and I wanted to know what the hype was all about :) One thing I know is that you were very loved by George and vice versa, may God give you the strength and peace to stay strong and to know that you have lots of family and friends support. May you cherish the sweet memories of George and may God continue to bless you!*

“ I don't believe I ever met George. But I have known Barb for years. If George was anything like Barb, the Lord is surely celebrating his passing to eternal life. Barb, please know that your friends from Bible Study, from Saturday morning prayer meetings, your Emmaus sisters and the parishioners who have heard and seen you as a Lector at 8 am Saturday and 9 30 am Sunday Masses are praying for your peace at this time. I pray that God gives you peace, and tat you especially know of and feel God's presence and allow God to carry you.

Love you.

George will be remembered long after his death by all of us. From the first time we met, George was instantly liked. Since that time, "like" grew to "love." Always giving, sharing, and gracious best describe George in our time with him. We will never forget the good times we shared with George and Barbara. We count ourselves lucky to have known George. He will be greatly missed.

“ Good morning, My name is Nick Cupper. I am the Director of Player Development at The Club at Weston Hills. We are deeply saddened to hear of the news of George's passing. George would come down to Weston and Heron Bay and help us with our First Tee programs. He was such a positive person and I can say our program was always better when George was part of it. His memory will live on with our First Tee programs and I truly believe that his work with the kids in Broward County will be felt for years to come!!

“ *Barbara and family. As you may know, George was one of my favorite people. He was always ready and willing to contribute his culinary skills to any event for which I was most grateful. Larry and I enjoyed many wonderful dinners thanks to George's skill and I marveled at his attention to every detail.*

George was a positive influence and role model for both Ken and my son, Grant. He was able to calmly handle any situation such as when we were racing to get Ken and Grant to the airport on time to return to UCSB and they had to go back to Ken's home to get the ticket,

I was impressed that George and his friends would volunteer their time and skill to teach young people the game of golf. I also remember the joy this brought him as he described the project.

George seemed to stay up to date with the cutting edge of technology and was willing to share his knowledge with his "untechy" friends. .

Barbara and Ken, I am so saddened by your loss and Bob shares in sending his condolences. As circumstances continue to change in our lives, I will always treasure the relationship with you, George and Ken. I am holding you in prayer on your journey of loss. Love, Paula Winker

“ One of the many great memories I have of George was of a special celebration at Ken's Mom's house where George was in charge of preparing a multi-course meal. It was an amazing and memorable dining experience for everyone in attendance.

I enjoyed the times I had talking with George, and it seemed like he had something interesting and helpful to say about almost every topic. All of Ken's friends thought George was a great guy for Ken's Mom, and that appreciation we all had of George grew and grew over the years.

Barbara (Mrs. DeLeon), I am so sorry for your loss. You and George were great together, and the two of you were a great example to all of us growing up about what a well-matched and loving couple looks like. George impacted lots of people in a positive way, and he will truly be missed by many.
